This matter, arising under 26 S.C. Code Ann. Regs. 103-504, comes before the Public Service Commission of South Carolina (“Commission”) on the Application of Aqua South Carolina, Inc. (“Aqua”) to sell its wastewater collection system serving the Brookside Village subdivision located in Spartanburg, South Carolina to the Spartanburg Sanitary Sewer District (“SSSD”). SSSD currently provides treatment services for this area and has indicated to Aqua that current rates will remain in effect.

Considering the return date has expired with no intervention and the Office of Regulatory Staff does not object, we find that the above mentioned sale is in the public interest and therefore approved.

This Order shall remain in full force and effect until further order of the Commission.

John E. Howard, Chairman
